

**Pakistan Medical Commission
Government of Balochistan agrees to the PMC directed
pathway to register students enrolled in the three Medical
Colleges of Balochistan prior to their recognition and
registration with the Commission**

Thursday, 10th March 2022

PRESS RELEASE

**Government of Balochistan agrees to the PMC directed pathway to register
students enrolled in the three Medical Colleges of Balochistan prior to their
recognition and registration with the Commission**

[Islamabad, 10th March 2022] A follow up meeting was held between the delegation of the Balochistan Government and the Pakistan Medical Commission to resolve the issue of students who had been in the past enrolled by the three medical colleges in Baluchistan who obtained their recognition recently. The meeting was chaired by President PMC, and attended by Chief Secretary Balochistan, Secretary Health, Government of Balochistan, Principals of four Public Medical Colleges of Balochistan, and PMC officials including Vice President, Secretary and Executive Member.

Government of Balochistan agreed to the PMC directed pathway to register the students enrolled in the three colleges prior to their recognition and registration with the Commission. The exam papers of each professional exam given in 2021-2022 by the students at the three colleges were deposited with the Commission by both Universities. The Education Department of the Commission will on an immediate basis review the papers to verify the exam process and will provisionally register the students of these three colleges on completion of the review of the papers.

The delegation of the Government of Balochistan thanked the Pakistan Medical Commission and the Medical & Dental Council for their consideration and steps taken to resolve this issue.
