

Important Update for Foreign Medical Graduates

24th Nov, 2020

A delegation of Foreign Medical Graduates met with the Vice President PMC today and represented their concerns and issues. It was confirmed to them that the Commission is actively working on solving the issue and completing recognition of foreign medical and dental colleges however, recognition is dependent on each country responding with the necessary information which is in the process. The following was confirmed to the delegation;

- 1. The PMC will complete the recognition process of a foreign college within 10 days of receipt of verification documents from the relevant Government of the country.**
- 2. As soon as a foreign college is verified and recognized by the PMC, the graduates of such college will be processed as per law for licensing pathway.**
- 3. The Commission is currently working on and the Council will take up the issue of students who have already graduated from black listed colleges or those which are not recognized by the Commission to consider any possible alternative solution for them. A final decision will be communicated at the earliest.**
