Subject: **Allocation of Medical Seats for the Students of Balochistan & FATA under the Project "Provision of Higher Education Opportunities for Students of Balochistan & FATA (Phase-II)"**

Reference your letter No.08/Admission/NUMS, dated 23.02.2021 wherein NUMS has requested to enhance the existing allocation of seats in Army Medical College and Dental Section – Army Medical College to accommodate HEC Scholarship seats for Balochistan & FATA and which were being admitted over and above the allocated strength, the same has been considered. It was agreed in the meeting on the issue dated 19.01.2021 with the Ministry of National Health Services, Regulation & Coordination, Ministry of States & Frontier Regions (SAFRON), Government of Khyber Pakhtunkhwa and Higher Education Commission (HEC) that the PMC will agree to enhancing seats in Public Colleges on a provisional basis. Keeping in view the previous inspections results of 2019, seat enhancement by 10% of existing allocation of colleges can be made albeit any exceptions put forth which can be justified based on past inspections.

In view of the above, please find attached the final enhanced seat allocation approved by PMC for the 2021 Session (**Annex-A**). A total of 04 seats for each of the following colleges have been enhanced against the requested seats: Army Medical College, Rawalpindi and Dental Section – Army Medical College, Rawalpindi.

It may well be of value to NUMS to reassess the existing infrastructure and facilities in each of its colleges in the coming months to consider a comprehensive plan of increase in seats across its colleges to accommodate any such quotas, subject to necessary investment in improvement of infrastructure and subject to comprehensive inspections the same can be considered for approval prior to the next 2022 Session.
